

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

The Campbell recently located a bee tree in Swanton from which he took 130 pounds of honey.

Miss Marion Thompson of Topeka, Kan., formerly of St. Albans, sails soon from New York to engage in Red Cross work in France.

William Pocket, 18, son of Mrs. John Weynes of South Hero, recently died at Camp Zachary Taylor, Ky., of influenza, followed by pneumonia.

Shelburne's board of health has decided not to lift the ban on public gatherings this week. Five new cases of influenza have developed in one family.

The ban will be kept on Burlington and Essex Junction for at least one week longer, although the influenza situation is clearing as fast as was expected.

Sec. Fred Davis of the Vermont State Fair association raised in his garden at Hartford this season a cabbage that weighed, with all the loose leaves stripped off, 18 pounds.

Forty members of the student army training corps at the University of Vermont, Burlington, mostly upper classmen, left last week for Camp Zachary Taylor, Louisville, Ky.

Timothy Mahanah of Oklahoma City, Okla., formerly a resident of St. Albans, was killed in a railroad accident recently. He leaves relatives in St. Albans and East Fairfield.

Lieut. Roderic M. Olzendam of Woodstock, who has been an instructor in the replacement camp at Camp Lee, Va., has been transferred to the central officers' training school as an instructor.

Edmund Cannon, a collector of mail for the Burlington postoffice, was thrown from an express wagon one day last week and his right arm was broken. His team collided with another in the darkness.

The University of Vermont has purchased the oldest frame house in Burlington, built in 1790 and adjacent to the medical college. This will be used as a study house or barracks for the S. A. T. C.

Rev. Robert A. Nunn, recently appointed pastor of the Methodist church at Brattleboro to succeed Rev. Douglas A. Guest, who has gone to St. Albans as pastor of that church, began his new duties yesterday. He came to Brattleboro from Shawbridge, Canada.

W. P. Jackson has tendered his resignation as superintendent of the Stranahan Memorial club in St. Albans, and it has been accepted by the trustees. Mr. Jackson is now in charge of the war camp community service at Camp Dix, N. J., and the club has been closed about a year.

Rutland has a milk famine, dealers being unable to procure enough from farmers to supply their customers. In Proctor most of the milk is being made into butter, and considerable from the west side of the state is shipped to New York. The dealers have taken the matter up with state officials to investigate and see if something cannot be done while the shortage lasts.

Wilfred Angier, 13, son of Mr. and Mrs. Fred Angier, and Smith Manning, 12, son of Mr. and Mrs. Fred Manning, all of Middlebury, had a joy ride to Bristol Plains Friday behind a horse which they took from a field at Gorham brothers' and in a wagon which they borrowed at another farm. They were gone over night, found at Bristol Plains and brought home. The horse was in bad condition after its long drive.

Boys in Brattleboro Halloween night caused damage to property which may result in legal action being taken. Their most expensive act was meddling with the engine to an automobile belonging to L. P. Copeland, which was left standing on the street while Mr. and Mrs. Copeland made a call. Damage to the machine will total at least \$150. The power in the engine was turned on, the throttle left wide open, and the engine was running. Fences also were torn down, electric bulbs to street lights were broken, and a general air of hoodlumism prevailed.

BECAME VIOLENTLY INSANE.
Henry Bruso of St. Albans Taken to the State Asylum.

St. Albans, Nov. 4.—Henry Bruso was brought to the Franklin county jail in this city yesterday afternoon by L. J. Peterson, town poormaster, and a Swanton man who came home Bruso became violently insane last evening. Bruso was working on a farm in the town of Swanton, but went to a neighbor's home last evening and while there became insane. It required two people to take care of the man during the night. In this city Dr. W. B. Arnold was summoned and Bruso was committed to the state hospital in Waterbury on a temporary order from Judge O. N. Kelton of the probate court.

Bruso has lived in this city for varying periods of time the greater part of his life. He has also worked in Canada and New York state and it has not been determined yet what place is responsible for his case.

The man was ill with influenza about two weeks ago. He had apparently recovered, but it is possible that illness may have some bearing on his present condition.

FIRE SOON PUT OUT.
Broke Out in the St. Albans Steam Laundry—Damage Small.

St. Albans, Nov. 4.—Fire, which was discovered about 10:30 o'clock in the St. Albans steam laundry, which is owned and operated by L. C. Carman, was extinguished before it had done serious damage. There was considerable damage from water. The building, which is owned by the H. C. Royce estate, was somewhat damaged as were furnishings in the tenement in the north side, which is occupied by Leo Teague and family. All were insured.

The cause of the fire is unknown. As it was Saturday the fire had been banked at noon. When the firemen arrived the flames were breaking through to the first floor from a partition in the basement. The partition was between the laundry and the tenement occupied by the Teague family.

"So and So Is Hard Up."
"Yes, but he has equities and knows values. He'll pull through if he lives." Such a condition plus insurance is affluence. Minus insurance it is misery. Consult us. National Life Ins. Co., of Vt. (Mutual). S. S. Ballard, general agent, Hatto block, Montpelier, Vt.

OFFICIAL COMMUNICATION
NOTHING OF IMPORTANCE
TO REPORT
ON THIS SECTOR

State of Vermont
A PROCLAMATION

I, Horace F. Graham, governor, designate Saturday, November 9, Gas Mask Day.

and request all citizens of Vermont to co-operate with their local chapters of the American Red Cross in collecting fruit pits and nutshells to produce carbon of superior quality, which serves as an absorbent of poisonous gases. I urge that special effort be made to collect pits from peaches, plums, cherries, apricots, prunes, dates, olives and nuts, either the whole nut or the shell, but not the husk. Other materials must not be included. Loss of life by gas is greater than by the guns of the enemy. The torture from gas is incomparably worse than the pain from bullets. A million pounds of fruit pits or nutshells are needed daily to protect our soldiers and nurses on the battlefronts.

Red Cross chapters have shipping instructions, and it is suggested that all stores, schools and postoffices provide receptacles for these pits and shells. Let us continue each day to save them for the humane protection of our armies and their fighting effectiveness. Protect the dollars you give for war relief by furnishing every field secretary and Salvation Army leader with the best gas mask. Gather butternuts and you will have the gas problem in a nutshell.

Given under my hand and the great seal of the state, at Montpelier, this fourth day of November, A. D. 1918. (Seal)

Horace F. Graham, Governor.
By the governor: Harvey E. Goodell, Secretary of Civil and Military Affairs.

FOOD REGULATIONS SUSPENDED.

Prohibiting Sale of Cream Containing More Than 20 Per Cent of Butter Fat.

Federal Food Administrator Frank H. Brooks has been notified from Washington that the rule, recently promulgated, specifying that cream sold for direct consumption shall contain no more than 20 per cent butter fat, for the purpose of limiting the luxury use of this important fatty nutriment, has been suspended until further notice, pending a wide-spread investigation and continued operation of voluntary conservation.

It was announced by Federal Food Administrator Frank H. Brooks to-day that under the new sugar regulations in no case shall more than one-half ounce of sugar be served to any one person at any one meal in hotels, restaurants, and other public eating houses. It is sent out from Washington that the sugar service now authorized is one teaspoonful or its equivalent for tea or coffee, one teaspoonful for fruit or cereal, but not for both, and one small lump for demi-tasse.

TOOK HEAVY TOLL.

There Were 95 Deaths in St. Albans During October.

St. Albans, Nov. 4.—During the month of October there were 95 deaths in this city, of which 80 were from pneumonia due to influenza, according to the records of Health Officer W. B. Arnold. Other communicable diseases reported to Dr. Arnold during the month were as follows: Whooping cough, 1; typhoid fever, 2; diphtheria, 3.

How to Be Rid of
Dangerous Dandruff

If you have dandruff you must get rid of it quick—it's positively dangerous and will ruin your hair if you don't.

Dandruff heads mean faded, brittle, gray, scraggly hair that will not grow—then you are bald and nothing can help you.

The only sure way to abolish dandruff for good is to destroy the germ that causes it. To do this quickly, surely, and safely and at little expense, there is nothing as effective as Parlan's hair cream, which you can get from E. A. Drown & Co. and good druggists everywhere. It is guaranteed to banish dandruff, stop itching scalp and falling hair and promote a new growth, or the cost, small as it is, will be refunded.

Parlan's hair cream is a scientific preparation that supplies all hair needs—an antiseptic liquid, neither sticky or greasy, easy to apply, and delicately perfumed.—Adv.

HOTEL BOWDOIN
Cor. Bowdoin and Cambridge Sts.
Boston, Mass.

Rooms by day or week. Single or en-suite with bath; \$1.00 per day and upwards. Homelike, clean, comfortable. Near cars to all points. C. N. Campbell, Proprietor.

PREVENT
INFLUENZA

If you are "run down" or out of condition. If sluggish bowels have allowed poisonous impurities to accumulate in your system you are liable to suffer severely with the grip. Dr. True's Elixir, the famous household remedy of 67 years' reputation, may ward off the grip or make an attack light and easily thrown off. Why? Because

Dr. True's Elixir

is a vegetable medicine that puts the system in good condition, prevents and relieves constipation, stimulates the appetite and improves the digestive powers. It can do no harm. It is purely vegetable. Ask your druggist for it, or write Dr. J. F. TRUE & CO., Auburn, Me. 40c, 60c, \$1.00.

WARNING FOR
FREEMEN'S MEETING

To Be Held November 5, 1918.

The freemen of the city of Barre, in the county of Washington and state of Vermont, are hereby notified and warned to meet on Tuesday, November 5, 1918, at 6 o'clock in the forenoon in their respective wards at the several voting places hereinafter named, for the purpose of electing the following officers: Governor, lieutenant-governor, state treasurer, secretary of state, auditor of accounts, attorney-general, representative to Congress, county senators, assistant judges of the county court, judge of probate, state's attorney, sheriff, high bailiff, fifteen justices of the peace, and a city representative to represent the city of Barre in the general assembly of the state for the two years next ensuing.

The following are designated as voting places:

Ward one—Church street school building.

Ward two—Spaulding graded school building.

Ward three—Summer street school building.

Ward four—Brook street school building.

Ward five—Ward five school building.

Ward six—City court room, city hall building.

Dated at the city of Barre, Vermont, this 24th day of October, 1918.

EUGENE C. GLYSSON, Mayor.

Stock and Tools
